

## Intelligent Dolphins

Sarah and her brother were taken to a dolphinarium by her parents. She was extremely happy to witness a show featuring bottlenose and spotted dolphins. Bottlenose dolphins are the most common ones kept in captivity. They performed a lot of circus tricks with beach balls and bubble rings. Dolphins frequently leap over the water surface. Sarah and her brother were amused with the playful behaviour of dolphins. They left home with lot of happy memories.

### ***Answer the following.***

1) Where did Sarah's parents take her?

\_\_\_\_\_

2) What objects were used by the dolphins for the circus show?

\_\_\_\_\_
