

## Ice Fishing

James is accompanying his grandfather. They are going to a nearby lake for ice fishing. James wore a blue pullover, a black overcoat and gloves. He also wore brown ankle boots. Grandfather carried two stools, an axe to chop the ice and make a hole, and a heater to prevent the fishing hole from freezing back. They also carried a fishing rod and spear. Ice fishing requires a lot of patience as finding a fish may not be that easy. Thus, they packed enough food as they would be active from dawn to dusk.
